

/ Bilingual Data Systems Report

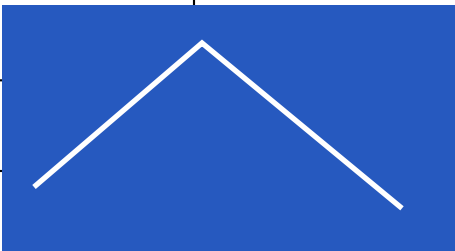

This project-owned report describes an observable data workflow.

native-text PDF

Text, tables, and vector figures remain in one native-text PDF.

/ Table One: / Event Latency

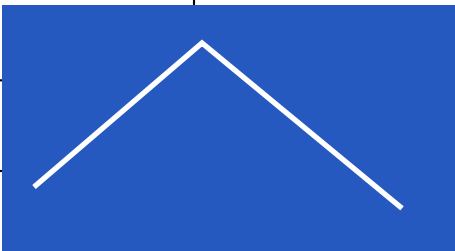

The first table compares latency across processing stages.

Stage /	Median ms /	Owner /
Parse /	18	
Index /	42	
Review /	75	

1 / Figure 1

/ Table Two: / Source Coverage

The second table preserves bilingual labels and values.

Source /	Native /	Reviewed /
PDF	yes /	
Web	yes /	
Scan	image /	

2 / Figure 2

/ Conclusion

Figure One and Figure Two use vector paths without external images.

draft development validation

This draft is for development validation only.
